SINGLE COUNTY DITCH #1337
PETITIONED FOR BY PROPERTY OWNERS
ALONG NAPOLEON ROAD
TO THE OWNERS OF THE LAND
AFFECTED BY THE PROPOSED IMPROVEMENT**

YOU, and Each of You, are hereby notified that on the 10th day of April, 2019, the above named petitioners filed a petition to replace and/or repair the existing drainage system with a new drainage system that is adequate in size to alleviate the drainage issues within the watershed on the proposed course hereinafter set forth.

The following is the legal description of the beginning, route, and end of the proposed project:

Main Channel: Commencing on the west side of Napoleon Road, north property line of parcel 38-1700-03-005.000, approximately 4,025 feet north of S.R. 81, T3S, R8E, in the SW Corner of Section 17 of Jackson Township, Allen County, Ohio. Thence continuing southwesterly downgrade approximately 1,900 feet through a field where the tile discharges into an open ditch. Thence, northwesterly downstream approximately 770 feet to culvert at Fisher Road. Portions of this project were designed by U.S. Department of Agriculture Soil Conservation Service in 1978 as Kruger Group Subsurface Drainage.

Lateral: Commencing on the south property line of Parcel No. 38-2000-02-002.000. Thence, continuing north and westerly approximately 1,050 feet to its confluence with the Main Channel. This point being approximately 475 feet west of Napoleon Road.

Because it is claimed that your property will be benefited by the proposed improvement, either directly by having a part of it on your property, or indirectly by having stormwater runoff from your property drain through it. If the Board of County Commissioners, after viewing the proposed course and conducting a public hearing, approves the project, your property would be assessed for your portion of the costs of engineering, construction and future maintenance.

You are further notified that the Board of County Commissioners of Allen County has fixed the following date, time, and place for the view and first hearing on the proposed improvement:
